THE BOLD LOOK OF  
ALBORZROOZ

Industries Manufacturer of Sanitary Valves  
[www.alborzrooz.com](http://www.alborzrooz.com)

**Purpose:** They should describe a company's path (and therefore become a tool dedicated to the public and the future) while summarizing its philosophy (as an internal instrument used to analyze and evaluate the recent past). This new story collects the products that Alborzrooz has created to satisfy people's needs and promote the idea of the bathroom itself as well as the care for ourselves and others.

It represents a commitment driven by the desire to investigate the multiple aspects evoked by this type of items.

Our products become one with the architectural elements but inspired by the human bodies occupying the space, objects providing a precious resource such as water, giving it strength and embodying its powerful symbolism.

We are excited about the outcome confident that the users leafing through this catalogue will be contaminated by such enthusiasm.

The Alborzrooz team

Without black, no color has any depth. But if you mix black with everything, suddenly there's shadow. You've got to be willing to mix black into your palette if you want to create something that's real.

What does black represent?  
Black is a powerful color

When we think of the cosmos,  
we think of the void or the  
empty blackness of space

All of our planets, suns, stars,  
and life as we know it exists  
within the blackness of space

A dramatic black and white advertisement for a showerhead. The central focus is a large, round showerhead from which a powerful spray of water falls. The background is a dark, stormy sky with a bright lightning bolt striking on the left side. The overall mood is intense and powerful. The text 'HUGE TOP SPRAY' is overlaid in a large, white, serif font, centered over the water spray.

Quality quest is a strategic goal for Alborzroozfaucets, which not only follows it in design, but in search for ecological raw materials with the highest quality, and exceptionally technical functions, that are intact during time

Abbas Abad Industrial Town

# Alborz

The factory is the heart of our roots...

Innovation, research, and creativity are cornerstones of the company's functions

To create high-quality products, to respect national and international customers, and to develop the quality of building faucets, Alborzroozfaucets started its work in 2008. With the help of the most experienced staff and modern machines, the company is constantly trying to create products, which meet Iranian taste. New Alborzroozfaucets factory, aiming to develop the production lines, opened in 2021. Alborzroozfaucets is active throughout Asia, while keeping its national roots, and is spreading its activity in an international level.

Research and development department has always been the company's flagship, and is completely dedicated to design creative solutions, which can satisfy customer's various needs.

Throughout the years, the company is highlighted in the market as a pioneer in style and process.

Quality quest is a strategic goal for Alborzroozfaucets, which not only follows it in design, but in search for ecological raw materials with the highest quality, and exceptionally technical functions, that are intact during time.

The factory is the heart of our roots. Innovation, research, and creativity are cornerstones of the company's functions.

Alborzroozfaucets is identifying its mission and responsibility, relying on precious past experiences and telling the company's story to recognize the values born in the company, which are to create the most durable and beautiful productions, and has taken a very big and long-lasting step to upgrade the quality of Iran's faucet industry, supported by Iranian production.

Currently, Alborzroozfaucets produces building faucets, hygienic faucets, Built-in faucets, colored faucets, and electronic faucets. Alborzrooz company presents its new identity as its name. This identity is the result of an innovative and artistic work, which has united all company's levels.

تیتانیوم فلزی سخت در طبیعت است که سختی آن تقریباً ۳ برابر فولاد است. این فلز وقتی در شرایط محیطی و تکنولوژی همراه با حرارت و فشار قرار می‌گیرد تولید رنگ‌های زیبا و متنوعی می‌کند که در حال حاضر شاهد رنگ‌های زیبای طلا، زرگلد، مسی، کروم، دودی و ... بر روی شیرآلات و لوازم تزئینی و غیره هستیم. ضخامتی که این فلز در روش PVD بر روی سطوح ایجاد می‌کند بسیار نازک است (حدود ۰.۰۲۵ تا ۰.۵ میکرون) و این لایه نازک دارای خصوصیات بسیار ارزنده‌ای است که به شرح ذیل است:

- مقاومت بالا در برابر خط و خش و سایش
- چسبندگی فوق‌العاده و مقاوم در برابر اشعه ماوراء بنفش خورشید
- جاذب اشعه UV نور خورشید و مقاوم در برابر باکتری‌ها و میکروب‌ها (آنتی باکتریال)
- تنوع رنگ‌های بسیار زیبا
- این روش آبکاری برخلاف روش آبکاری سنتی نیکل، کروم بسیار دوستدار محیط زیست بوده و هیچگونه آلودگی زیستی ندارد.

آبکاری تحت خلاء PVD (Physical Vapor Deposition)
